

**Amendments To The Drawings:**

None.

**Remarks**

This Amendment is in response to the Office Action dated **December 23, 2009**. In the office action, claims 11 and 13-21 were indicated as being allowable.

Applicant has rewritten claim 11 to incorporate claims 1, 3 and 8, thereby placing it in condition for allowance.

Applicant has also amended claim 9 to incorporate claims 1 and allowable claim 13, and changed the dependency of claims 10-12 and 14-19 (as necessary) to depend ultimately from amended claim 9. This is believed to place claims 9 and 10-12 and 14-19 into condition for allowance.

Applicant has also amended claim 20 to incorporate claim 1, thereby placing claims 20-21 in condition for allowance.

Claims 1-8 and 13 have been cancelled, without prejudice to pursuing them in a continuation application.

These amendments are believed to place claims 9-12 and 14-21 into condition for allowance.

These amendments are also believed to moot the anticipation rejection to claims 1-10 and 12.

The allowance of claims 9-12 and 14-21 is respectfully requested.

**Other Matters**

It has come to our attention that Wulf Harder may be the only inventor of the pending claims. We are still investigating and may be filing a petition to correct the inventorship of this application. I just wanted to make this of record, so that if prosecution is closed, a petition to correct inventorship would still be permitted.

Respectfully submitted,

VIDAS, ARRETT & STEINKRAUS
